Dear Colleague

The BHIVA Autumn Conference for 2017 will, once again, be held at the QEII Centre. Located in the heart of London, the centre provides all the facilities required for our delegates.

I would like to thank Laura Waters (Chair of the Conferences subcommittee), Iain Reeves (Conference Local Host) and all the members of the Conferences subcommittee for their efforts in preparing an excellent programme for this conference.

This year our Autumn Conference is preceded by the Hepatology Highlights for the Healthcare Specialist, which we are delighted to be holding in collaboration with the British Viral Hepatitis Group (BVHG). This will be held on the evening of Wednesday 15 November from 1800 to 2030 at the QEII Centre. Please read the registration form carefully to ensure you register for all the sessions. Please note that it is necessary to register to attend the Hepatology Highlights Meeting and the Drinks Reception on Thursday evening. Early registration is recommended as places for the Hepatology Highlights Meeting will be allocated, in principle, on a first-come, first-served basis.

The conference programme is now almost finalised and the BHIVA plenary programme will cover a wide range of important topics relevant to HIV. Please refer to the programme pages of this Announcement for full details.

The BHIVA Annual General Meeting will be held on Friday 17 November prior to lunch. I would encourage all BHIVA members to attend this meeting as it provides a forum to present any points you may have to the BHIVA Officers and members of the Executive Committee.

Accommodation has been arranged with a range of local hotels, all within a short distance of the QEII Centre. If you require accommodation please contact HotelMap, who provide a free hotel-reservation service. Contact details can be found in this Announcement and on the BHIVA website.

BHIVA have developed a conference app which is downloadable from the App Store for iPhone users or Playstore for Android devices.
