Introduction

BHIVA has developed a fourth one-day course for GU / HIV Physicians to focus on managing medical issues arising in general medicine. The BHIVA Standards of Care for People Living with HIV state that it is critical for specialists undertaking inpatient and outpatient care of people with HIV, or who undertake care of people with complex comorbidities or co-infections, to keep up to date with general medicine.

The course is open to a limited number of delegates and contains eight interactive workshops. In addition, the content of the workshops will be updated and reflect the latest key issues in the various disease areas. In 2017, all delegates will have the opportunity to attend six workshops and each workshop will be facilitated by an HIV specialist and a non-HIV specialist.

Registration is open for consultants at the rate of £200 for BHIVA members, and £250 for non-BHIVA members. Places on this course are limited and will be offered on a first-come, first-served basis and, as such, early booking is recommended. We very much hope you will enjoy the course and find it of relevance to your educational needs.

Registration procedure

- Registration must be submitted online at www.bhiva.org
- You will be required to submit your correspondence details and to indicate any special requirements you may have.
- Please make your payment online using credit or debit card.
- You will receive an automated confirmation of your registration via email.

Registration rates and policies

All registered delegates will receive a copy of the Final Programme in their delegate packs, which will be handed out at the course. Only registrations that are accompanied by full payment (in sterling) will be accepted and processed.

Please note: It is the policy of the Conference Organiser not to invoice delegates for individual registrations. Confirmation of registration will be automatically sent after registrations have been fully processed and payment has been taken.

Continuing Professional Development (CPD)

Medical staff in career grade posts who are enrolled with one of the Royal Medical Colleges for Continuing Professional Development will be entitled to receive CPD credits at the rate of one per course hour. Please be advised that the attendance list for the course will be kept on file for reference by the Federation of Royal Colleges.
